**As a church we understand that we owe a duty of care to ensure the safety of those who visit any of our gatherings or events. We also know that, where we are an employer or control premises in certain circumstances, we have to meet the requirements of health and safety law.**

### General statement of policy

Our policy is to ensure, so far as is reasonably practicable, that our activities are carried out safely and do not pose a risk to the health of our employees, volunteers, congregation, visitors and others who may attend any of our gatherings or events. This will be in accordance with good practice and any relevant statutory provisions where they apply.

The Trustees of STB Grange Park accepts its overall responsibility for this. We will ensure that adequate resources are made available to achieve this objective. Any decisions we make will have due regard for it.

We will appoint a member of the Trustees to have specific responsibility for this policy and its implementation. We will keep health and safety matters under review at appropriate intervals. We will monitor the effectiveness of the policy, amending it where we believe it is no longer valid.

It is the duty of each employee and volunteer to exercise personal responsibility for their own safety and that of others. This policy will be brought to their attention. We will try to ensure that everyone involved with the church plays his or her part in its implementation.

Further detail about our organisation and arrangements for managing health and safety is set out in this document. A copy of it will be available on our website under our policies section.
